

A BIN FOR EACH MATTER!

Here you'll find what the average Quebec residential waste bin contained before the brown bin collection began.

44%

of organic materials were placed in regular garbage bin, when they should have been put in a brown bin.

36%

of all paper, cardboard, plastic, glass and metal waste were placed in regular garbage bin, when they should have been put in the recycling bin.

Sorting organic and recyclable materials constitutes a simple action that can be part of your daily routine.

Your efforts count!
